Michael Jackson

Electronic, Funk / Soul

Style:

Disco

Year:

1984

Notes:

The nine songs featured on the album were originally recorded in January and September 1973 but had not been previously released. Motown says that these tracks were "lost" and were re-found in 1984. To give the album a more 1980s sound, Motown remixed the songs and added all new musical overdubs.
